WHY CHOOSE THE TRV TRAILER?

Landa has made customizing a trailer-mounted wash system for on-site cleaning an easy two-step process.

Step 1: Select from five series of portable, self-contained, industrial-grade, hot-water pressure washers.

Step 2: Add any options and accessories, such as hose reels, rear utility rack, side saddle tool boxes, etc. to enhance the performance.

The TRV-3500 trailer is made of extra-rugged 2-by-4 inch, 10-gauge formed channel. The wheel and axle assembly feature leaf-spring suspension of up to 3,500 lbs. and 15-inch, white rimmed wheels. A powder-coated epoxy finish gives the entire package added weather protection.
