

LANDA®

TOUGHER. MEANER. CLEANER.

Landa HOT Series Electric Hot Water Pressure Washers

SIMPLE OPERATION

Easy access front control panel includes thermostat, hour meter, and on/off switches for pump and burner.

RELIABLE BURNER

Industry-leading Beckett burner protected by our signature horizontal heating coil.

OPTIMAL MOBILITY

Large, rugged, flat-free, foam-filled tires.

HASSLE-FREE SERVICE

Easy access to all internal components.

PREMIUM ACCESSORIES

Heavy-duty hose, gun, and dual variable pressure wand for easy switching between soap and high-pressure water application.

RUGGED FRAME

Compact powder-coated steel chassis for heavy duty use.

HOSE REEL OPTIONS

Pivot and non-pivot reel and fixed-base platform options available for hoses up to 100 feet.

EXTENDED RUNTIME

Enclosed 2 HP or 5 HP WEG motor protects from moisture for longer use and includes 2-year factory warranty.

BUILT FOR SAFETY

Rupture disk and thermal pump protector prevent buildup of excessive pressure and heat. ETL-certified to rigid UL-1776 safety standards.

WORRY-FREE SOAPING

Downstream injection protects pump and coil from chemical damage. Option available for high-pressure application.
