HOT WATER

ELECTRIC

NG OR LP-HEATED

Compact Natural Gas-Heated Hot Water Pressure Washer

- Up to 5.0 GPM / 3,000 PSI
- Belt-Drive Pump
- Compact Stationary Design
- Natural Gas or LP Heated

Control panel with hour meters for burner and pump

Stainless steel frame and door panels (option)

Easy drop-in hose reel (option)

- High-efficiency burner has electronic ignition standard on all models, eliminating the hassle of constantly lighting the pilot flame.
- Industrial-duty totally enclosed fan-cooled (TEFC) electric motor with multiple voltage options and thermal overload protection.
- Extra-durable stainless-wrapped heating coil made of leak-free, cold-rolled, Schedule 80 steel pipe with 5-year warranty.
- Rugged steel frame with laser-cut branding and black powder-coat finish for all-weather protection (stainless steel option also available).
- Removable panels with quick-release latches for easy servicing and bulb seals to absorb vibration during use.
- Large electrical box with knockouts for additional wiring.
- Industrial-grade, dual belt-driven high-pressure pump has a tri-plex, forged brass head with a 7-year limited warranty and U-seals for greater pump protection. Cast-iron, bushed-bore pulleys with two-bolt adjustment offer long life and easy maintenance.
- Control panel features overload-protected control switches including chemical control operation and interdependent dual hour meters to measure motor and burner runtime.
- Brass anti-syphon detergent metering valve locks out air and dispenses precise amount of cleaning agent.
- Pressure relief valve prevents buildup of excessive pressure or heat.
- Three quick-couple hardened stainless steel nozzles mounted for ready access.
- Top-of-the-line Tuff-Skin hose offers seven times the abrasion resistance of other high-pressure hoses, 24-inch hose guard for burst protection, and swivel swedge fitting for twist-free operation.
- Optional heavy-duty hose reel with easy drop-in installation.
- Insulated fatigue-free trigger gun and chrome-plated dual lance variable pressure wand offer easy cleaning and pressure adjustment while washing.
- Programmable smart control provides complete control of runtime and allows addition of auto start/stop and time delay shutdown options without changing any hardware.
- Tri-lingual labels with operating instructions in English, Spanish and French for operator safety.

WHY CHOOSE THE VHG?

Redesigned with a tougher look and streamlined serviceability, the upgraded VHG offers the same compact, heavy duty cleaning power of its decades-old predecessor. This natural gas model's smaller footprint makes it an ideal choice for congested work areas or wash bays where space is at a premium. The VHG's compact size does not compromise its efficiency; delivering pressure of up to 3000 PSI at 5.0 GPM, this machine supplies enough cleaning power to tackle a variety of demanding jobs.

Stainless Steel Frame and Doors (Option)
