

INFRARED PORTABLE HEATER

Daystar **VAL6**[®]

SUNLIGHT WARMTH TO THE COLD SPACE

Shizuoka Seiki

Sunlight warmth to the cold space

"Daystar" provides perfect heating with its well-honed technology for spot space heating in a large open area. The "Daystar" will usher in a new era of high efficiency 'oil fired' space heating with 100% heat recovery from the oil burnt.

"Daystar" brings you 'infrared heat' as well as 'forced air heat.'

Every "VAL6 series" oil heater can be operated by #2 oil, diesel or kerosene.

The "Daystar" expands the "VAL6" world sensationally by adopting the dual heating system of radiant heat and forced air heat. The "Daystar", portable heater, may be used anywhere you need to stay warm.

Application examples:

Heating source in your garage, patios, porches, factory, workshop, warehouse and any outdoor activities----

INFRARED PORTABLE HEATER Daystar VAL6

Ultra
portable unit
18kg

SPECIFICATION(VAL6 Daystar)

Item	Model	Daystar
Heat output		13,000kcal/h(15kW/h)
Fuel		Kerosene,Diesel
Tank capacity		10L
Power source		230V/110V(50Hz) single phase
Power consumption		110W(230V), 115W(110V)
Control system		5sec.Prepurge 330sec.Postpurge
Safety device		Photocell flame monitor Fuse Overheat prevention system Tip-over switch
Burner type		High pressure spray gun type
External dimension H×W×D		593×310×600(mm)
Dry weight		18kg
